

We have the following machinery:

- CNC lathe with the dimensions: diameter 250, length 400, hole through the spindle 52
- Possibility to manufacture snails up to 1,200mm in length

- CNC milling machine with dimensions: x1,270 y600 z500

- CNC milling machine with dimensions: x1,020 y550 z500
- CNC milling machine with dimensions: x3,100 y1,250 z300
- Combined circular saw which enables cutting and profiling

FOLK PLAST obdelava plastike in aluminija Jože Podgoršek, s.p.
